EARTHMOVING &
CONTRACTING

Tony Geldart
Lite Guard Trench Shields
Dandenong

Dear Tony

Just a quick note, to let you know how delighted we are with your lite guard trench shields.

As you know our company has recently completed sewer works in the town ship of Mt Beauty, which involved the replacement of existing sewer lines through small back yards and tight areas.

There is no doubt that had we not had the availability of your shields for this job we would not have completed this contract in the time allotted to us; thus entailing serious liquidated damages charges.

Our employees were more than impressed at the ease of building the shields and particularly its lightweight for carrying into back yards and installing into trenches.

We now have the contract for carrying out the sewer reticulation of the Ouyen Township and my employees are requesting your shields for this job also.

Great product thanks for the time saved and more importantly happy employees !!

Sincerely

Jason Reid
Managing Director
